FC321-10

Hose - Hose, LPG/LNG/CNG

Product Specifications

Agency Listings: Industry Specification	UL 21
Burst Pressure (bar)	122
Burst Pressure (psi)	1750
Description	LPG UL listing MH6044
Family	Hose
General Application	Designed for butane-propane applications on either mobile or stationary equipment
Hose Base Number	FC321
Inside Diameter (in)	0.5
Inside Diameter (mm)	12.7
Min Bend Radius (in)	2.75
Min Bend Radius (mm)	69.9
Outside Diameter (in)	0.92
Outside Diameter (mm)	23.4
Reinforcement Material	A textile inner braid, a stainless steel wire braid reinforcement
Weight (kg/m)	0.43
Weight (lb/ft)	0.29
