

Vickers® by Danfoss

PVM Series Open Circuit Piston Pump

Stocking Program - USA

Improved **lead times.** Enhanced **features.**

A PVM pump stocking program is now available from our Searcy, Arkansas facility. Under this program, the standard lead times for shipments in the USA is 4 weeks.

In addition, these PVM pumps have the new "BY" feature, which is a high-pressure shaft seal with adjustable maximum displacement and a covered thru-drive, enabling easy field conversions.

Stocking program benefits

- Reduced lead time to 1-4 weeks
- All new part numbers for easy identification
- High-pressure shaft seal (BY) feature

Important notes:

- Order quantity greater than one piece may have longer lead time.
- Standard pricing and rebates apply.
- Available for orders shipped to USA only.
